Hi Lois,
After talking with Dave Athons and Gary Sonoville I am expecting them to apply. I was hoping they would have done so by now. Gary said he talked to you about his federal retirement.

That last resume was very interesting. She looks like an itinerant researcha assistant. What fun!

Phil

Subject: SEE 3

Hi Phil,

So, how are you doing corralling two part-timers for the SEE position? Please have them get in touch with me if they have any program-specific questions!

In the meantime, here's another resume – Melisse Reichman.

Also, I got rate quotes from the Redoubt Reporter, if you still want to run an ad. I just need to know which you'd like to do (the long one or the short one), and for how long.

The text you included is 109 words. With sales tax that would be \$46.22 To run it for three weeks, including sales tax and the discount, would be \$124.78

"Biologist or Ecologist in Soldotna to assist US EPA Aquatic Resources Unit via NAPCA Senior Environmental Employment program. Must be at least 55 years old (PL-98-313), have degree in Ecology, Biology, Resource Management, Environmental Studies, or related, and ten years in resource management or field-based ecological or biological research, or environmental protection. PC-proficient, good organizational and communication skills. Help compile information on the salmon resources and human-caused risks to salmon resources of Bristol Bay, outreach to public regarding EPA's activities to protect salmon resources. Occasional travel. \$12.72 per hour / 30-40 hours per week. Temporary year-to-year. Holidays, vacation, sick leave, insurance. EOE. Send your resume to lois@napca.org."

For the shorter ad text, it would be \$12.30 to run twice; \$35.20 to run for three weeks.

"Biologist or Ecologist in Soldotna to assist US EPA via NAPCA Senior Environmental Employment program. Must be at least 55 years old (PL-98-313). \$12.72/hour, 30-40 hours/week. Details at www.napca.org/?q=node/33#X."
